COVID-19 Report

As of August 23, 2022, we are reporting one positive case of COVID-19.

We have no positive employees at this time.

We will continue to test the employees, and our residents per the guidelines, or more often as needed for surveillance and facility wide testing for Covid 19 response while working with the Dallas County Health Department. We will be testing outside vendors coming in to serve our residents until further notice.

The facility is taking the following steps in accordance with applicable regulations and directives:

- **All staff and visitors entering the facility will continue to be screened and required to wear the appropriate ppe (N95) Masks at this time until further notice.**
- **Please USE CAUTION while visiting!**
- **The Salon will remain open.**
- **We will continue to monitor any changes with the guidelines and our processes to ensure the safety of all staff and residents.**
- **Ongoing Vaccination efforts will continue for our staff and residents. We are administering the Covid 19 vaccines and boosters for residents and staff who want it.**

Kristi M. Blackwell
Executive Director
